Hear them Out There's power in silence, and Noelle Fiori, Sydell Masterman, and Astrid Reischwitz have powerful things to say about women in "**Silent Noise.**" Fiori's mixed-media collages deal with the exploitation of female bodies. Masterman targets isolation in our always connected world. Reischwitz goes to the boudoir for her "Bedroom Series" photos. Tue – Sat 11am – 5pm, through Nov. 2.
